

Our Strategy

NOVEMBER 2023

Vision

Where older people live with love and experience the fullness of life.

Mission & Values

We promote the dignity, life and spirituality of older people through connected and inclusive communities

COURAGE

COMPASSION

INTEGRITY

Strategic Priorities

			
catholic Connected Communities (cCCs)	Product and Services	Mental and Spiritual Wellbeing	Vulnerable Communities
<p>We are creating networks of integrated multi-service campuses, Healthy Ageing Centres and Home Care and Services that enable CHL to support clients to live life abundantly and with love free from the fears of ageing and loneliness.</p>	<p>We will balance CHL's service mix to meet consumer preference and respond to an unmet need for people wanting to maintain a greater level of independence as they age. We will grow our specialised offerings to accommodate the different needs of our cohorts.</p>	<p>We see a need for a holistic approach to Wellbeing including the body, mind, and spirit. We will elevate the importance of Mental and Spiritual Wellbeing through our offerings and MoC (Inspirit). Our MoC will be the foundation for everything that we do and the way that we do it.</p>	<p>CHL's commitment to the vulnerable lies at the core of its mission. We have confirmed three vulnerable communities that we will provide more services for: those that are at risk of or experiencing</p> <ul style="list-style-type: none"> (i) crisis in housing, (ii) financial disadvantage and (iii) social isolation and abandonment.
